

## General Transportation & Field Trip Permission Form, Long Term

As parent or guardian of \_\_\_\_\_, I give permission to Turner & Kauper Child Care for the following selected transportation and field trips.

➤➤➤➤ Please **initial each box** you agree to.

Walks, in the neighborhood, parks, lakes, the river, with Michael, Marian, an employee, or parent.

Trips in the day care van or car. Such trips are frequent, often unannounced. Children always use a car seat or seat belt, with booster seat, as age appropriate. All trips will be closely supervised.

Trips in a van or car belonging to a trusted volunteer (usually a parent) or employee.

I give permission for my *school-age* child to ride in the front passenger seat of a car or van. If the vehicle has an air bag, it will be a later model, multi-velocity unit. School-age children use a lap and shoulder belt, plus booster seat, as age appropriate.

I give permission for my child to ride on public transportation with the day care. Specifically, this includes city buses, the Lake Harriet Trolley, rapid transit, local trains, and similar vehicles.

I give permission for my child to go horse back riding at Sue Lavenz's horse farm. Horses can be dangerous. Children ride full-size horses and ponies. Riding will be closely supervised. Sue Lavenz is an expert riding instructor. We have taken children to her farm several dozen times, over many years.

I give permission for my child to attend the Minnesota State Fair. We will view animals and go on Midway and Kidway Rides, such as the Ferris Wheel, Old Mill, and bumper boats. Junk food *very* likely.

I give permission for my child to go canoeing with an adult in the canoe. The children always wear approved, self-righting life preservers. The canoe is equipped with internal flotation devices.

➤➤➤➤ **All parents and guardians must sign.**
